**T** denotes colors recommended for small text. Lighter colors may be difficult to read and are not recommended.

**E** denotes ink colors with a coordinating envelope and envelope liner available, some of which are a shade lighter or darker than the ink color.

**S** denotes square envelope options available for square invitations (Emily & Stella). Flo White and Ecu invitations are not available with coordinating square envelopes at this time.

**M** metallic colors have a very subtle shimmer and are not to be confused with foil stamping.

**PLEASE NOTE:** On-screen and inkjet colors may vary from letterpress print colors. Please contact us for ink swatches, available on each of our three paper colors.
